Stay in touch when you're away

Furbo is a smart dog camera that lets you see, talk, and even toss treats to your dog when you're not home. With Furbo, you can keep close to your pet, no matter where you are. Also, when your dog barks you will receive a notification through the app and can, therefore, check what's going on in your house. Your dog will love the treat tosser integrated into the device, and it's fun to watch!

Empower your cat and protect your home. SureFlap Microchip Cat Flap is easy to install in wooden, PVC or glass doors, and is safe and secure. With the press of a button, the flap registers your cat's chip number and becomes your cat's own private on-demand door granting access to them and them alone. The SureFlap door identifies your pet using their microchip, thus stopping any unknown or other animals from entering your home and keeping your cat happy when they are at home and on their adventures.

Track your dog's health. This device is basically like a smartwatch but for dogs and without a screen on it. The Whistle Fit is an amazing location tracker that attaches to your dog's collar and gives you real-time information on the location at all times. As well as giving you an overview of your dog's daily activity, it also provides you with information on his or her health, reporting on infrequent, occasional, elevated or severe scratching or licking, calculates food portion and calories intake.

Quick and tidy grooming. Specifically designed for adult dogs with longer hair, typically the sort of dogs who leave the most hair around the house, the Dyson Groom Tool attaches to Dyson vacuums and effectively brushes your dog and sucks away not just the hair, but also the dead skin cells. This is a great tool to keep your dog and house clean and tidy.

Your dog will love this toy. GoBone toy gives your dog the exercise and play they need, and gives you the peace of mind that your dog is happy and entertained! Through the app, you can instantly take control of the toy and turn it into a gaming device for you and your pet. The fun device automatically adjusts its behaviour based on age, weight, breed and play style to engage your dog to chase longer and more regularly. Also, you don't have to buy a new GoBoe when this one is used up, instead, you can simply buy the replaceable.
