

Sneak peek inside the Block Dojo cohort 8 showcase

Excitement is building in the tech community as the end-of-cohort showcase for Block Dojo's latest group of startups approaches. On the 25th of July, these innovative companies will gather at Plexal, London, to present the fruits of their hard work over the past 12 weeks.

Temps de lecture : minute

23 July 2024

Here's a sneak peek at the impressive line-up of startups:

ChainVest is set to transform private equity by bringing it to the blockchain. Their platform allows startups to crowdfund through tokenisation, while their B2B whitelabel solution enables fund managers to tokenise funds. This innovative approach is poised to reshape the investment landscape.

Debbi.io is dedicated to making workplaces more diverse, equitable, and inclusive. By unlocking DEI data, they provide businesses with actionable insights to advance diversity, equity, inclusion, and belonging (DEIB). Debbi.io is driving meaningful change in employment practices and company culture.

HeySalad is revolutionising meal planning. By matching the ingredients you already have with recipes you'll love, this platform takes the stress out of deciding what to cook. It's a game-changer for busy individuals looking to make delicious meals with minimal effort.

Horizonis offers a Crypto Lending Marketplace that allows crypto owners

to use their assets as collateral to borrow cash. This platform provides flexibility and liquidity, opening up new financial possibilities for crypto enthusiasts.

Spacey Science aims to inspire the next generation of space pioneers through their XR and AI-powered platform. Offering immersive space-STEM education for students, they combine cutting-edge technology with educational content to spark curiosity and passion for space careers.

Seesaw is changing how we access online content by replacing paywalls with engaging games. This innovative approach drives visitor traffic and ad revenue for content publishers while using AI to build a powerful psychographic dataset. It's a fun and unique way to consume content.

Unikornn provides an AI-powered risk-mitigating meeting management platform designed to help venture-backed startups and SMEs in fintech navigate uncertainties, mitigate risks, and achieve sustainable growth. It's an essential tool for businesses aiming to stay ahead in a dynamic environment.
